- 3 Month as Center Head Commerce at Mahesh Tutorial, Nerul.

### **Co-Curricular:**

Project:

- **Online shopping portal with A Data Mining Technique (2016-17)**  
Description - In this study, we have developed the efficient CRM system using the data mining and artificial intelligence techniques for maintaining the customer relationship. This system was based on customer's information in the historical database, the CRM system have provided attractive offer to the customers in which they are frequently visited and also have provided high revenue to the company. This system used data mining ARM technique to mine the customer information and PSO algorithms which are used to select the optimal customers. Based on the results, we have designed a graph to evaluate the performance of these proposed methods.

### **Softwares known:**

- Photoshop, Illustrator, Brackets, Notepad++, Microsoft Office
