CAREER OBJECTIVE

I am a keen Mechanical Engineer looking to work for a challenging and responsible position in the field of Information Technology. I have the flexibility to adapt to any new environment and work tirelessly on interesting projects.

SKILLS

AutoCAD Catia

SolidWorks

MS-Excel

COURSES

- Learning Solid Works:For Students, Engineers - **Udemy**
- Catia - **Udemy**

ACHIEVEMENTS

- Worked as a Volunteer at a Sinhgad Techtonic Event.
- Attendend 2nd national level E conference on Innovative Trends in Mechanical engineering.
- Attendend One day workshop on "Energy Audit For Industrial Applications.

EDUCATION

🏛 **B.E/ B.Tech, Mechanical Engineering , (2017 - 2021), 6.9 CGPA**
Sinhgad Institute of Technology, Lonavala

🏛 **12th, Science , (2016 - 2017), 77.69 %**
Sudhagad Education Society,Kalamboli

🏛 **10th , (2014 - 2015), 87.4 %**
Sudhagad Education Society,Kalamboli

EXPERIENCE

💼 **Intern at Subhash Transport**
Aug. 1, 2020 - Nov. 30, 2020 , Satara, Maharashtra, India
On this Profile I Worked as a Team player with team of 12 members . In which my major work is to handle customer and there requirements to gave him best tranport service

💼 **Internship Trainee at Mandar Chemicals Private. Limited.**
May 1, 2020 - July 31, 2020 , Navi Mumbai, Maharashtra, India
Researched new materials and production techniques, writing and distributing reports weekly to the engineering team.Created Templates such as CAD document templates that can be used for object creation.

PROJECTS

📖 **Fabrication Of PCM Heat Exchanger using Paraffin wax.**
November 2020 - April 2021
Team lead, Team Size: 4 Member(s)
The main aim of our project is experimentally investigating the feasibility of an expanded paraffin wax phase change material (PCM) heat exchanger operating as a condenser in an instant air source
