**VACCINE** COVISHIELD (two doses completed)

### CAREER OBJECTIVE:

To obtain a challenging position in a Leading Edge organization, by utilizing my knowledge and the skills, abilities obtained through my experience and education, with the opportunity for the development of Organization along with the professional growth.

### PROFESSIONAL QUALIFICATIONS:

- Diploma in **Mechanical Engineering** from Ambedkar College (IME Board)
- High school from up board
- Piping design engineering course from EMCI Institute Delhi

**WORK EXPERIENCE:** *[I have more than 6yrs of experience in heavy fabrication pressure vessel, tank, column, heat exchanger & structural steel work]*

### WORK EXPERIENCE

**ORGANIZATION : N K Engineering**  
**DURATION : Oct 2016 – Present**  
**DESIGNATION : Supervisor**  
**COMPANY PROFILE:**

N K engineering is a manufacturer of chemical plant equipment vessel, heat exchanger, storage tank & also structure steel work.

#### PROJECTS HANDLED:

- Barine storage tank (22meters dia) for (lords choloro akali ltd)
- BLEED Cooler FOR Rajasthan atomic power project
- Tube bundle assembly for bleed cooler
- Support structure assembly for bleed cooler
- Emergency condenser for NPCIL kakrapar project
- column for Navin fluorine ltd\_(nickel material)
- Supervised the many storage tanks, column, heat exchangers

**ORGANIZATION : Patel's Airtempt India ltd**  
**DURATION : Jan 2015 – sep 2016**  
**DESIGNATION : Trainee engineer**  
**COMPANY PROFILE:**

Patel's Airtempt India ltd Manufacturer & exporter of shell and tube heat exchanger, air cooled heat exchanger, column, pressure vessel, storage tanks, refrigeration & air conditioning equipments

#### PROJECTS HANDLED:

- Heat exchanger
- Feed (storage) tank for NPCIL project
- Reject (storage) tank for NPCIL project
- Skirt type chemical storage tank for Nirma

## Job Responsibilities:

- Coordinate with project for materials
- Involve in fabrication activities wherever personal critical job like reactor assembly column alignments
- Coordinate with qc department for all technical and stage wise inspection activity
- Planning and follow up for outsourcing job activity like machining rolling pressing
- Responsible for achieving monthly fabrication target.
- Supervise factory workers and ensure that factory operation runs smoothly.
- Ensuring factory machinery is in good working order
- Personally inspection after job finishing (like dry survey & etc.)
- Job offering activity for all type Inspections (NDT).
- Make all inspection reports & data sheets.
- Maintain all data, reports & documents.
- Maintain the relation with 3rd party Inspector
- Completing the job timely
- Provide guidance to site Forman
- Production planning as per delivery date
- Maintain production quality
- Raw Material Estimation
- I have completed so many pressure vessels and structural jobs such as a re-generator, Methanol drum, steam drums, storage tanks for Bechtel project, some pipe fabrication and Structural component (Column, trusses, crane girders, bracings) as well
- Done assembly after painting and get clear final client satisfaction
- Inspection of fitted & welded joints and solve defect if get

## SKILLS SET

- Microsoft Office, AutoCAD, PDS & PDMS
- CNC, Lathe machine, notching Machine, Shearing Machine, Spot Welding Machine, press machine, drilling machine, manual rolling machine
- Having quit good knowledge about ASME Standard and also familer with all kinds of engineering drawings

## DECLARATION:

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear The responsibility for the correctness of the above-mentioned particulars.
