- Critical thinking
- Leadership
- Logical Approach
- Rapid Response
- Visualisation
- Positive Employee Relations
- Problem Solving
- Problem-based Learning

EDUCATIONAL QUALIFICATION

Field Of Study	School	Location	Date
Diploma in Mechanical engineering	Nashik institute of technology	Nashik, Maharashtra	Jul 2012 – Nov 2016
Bachelor's in Mechanical engineering	Jawaharlal darda institute of engineering and technology	Yavatmal, Maharashtra	Aug 2017 – Aug 2021

ACADEMIC PROJECTS

[Automatic bottle filling and caping machine](#)

Jan 2016 – May 2016

Team leader

Nashik institute of technology and engineering, nashik

Nashik, Maharashtra

An automatic bottle filling machine works on the principle of filling up the with a liquid product without any operator interference or envolvement. It is fully operated with thehelp of few sensors and a program unit that control the entire working of the system.

Maintain analysis record

Jawaharlal darda institute of engineering and technology

Yavatmal

In this project we designed the cylindrical Fins that are integral part of any heating or cooling system. Our prime objective is to obtain optimum heat transfer rate which will result in producing highly efficient fins. The main objective of this project is to present thermal analysis which is subjected to temperature variation on fins by varying temperature and materials.

PROFESSIONAL EXPERIENCE

Assistant engineer

Jan 2017 – Jul 2017

Panvel municipal corporation

Panvel, navi mumbai
