## PROFILE

A Mechanical Engineer with experience in maintenance of sheet metal coating lines (Continuous Galvanization Line & Continuous Colour Coating Line). I plan preventive, corrective maintenance & also attend breakdown maintenance activities. I am also an end user having hands on experience in creation of material master data. I wish to work with the organization where I would get an opportunity to provide my services and have value addition to my knowledge by working with professionals.

I am committed to working as a collaborative and positive team member, striving to utilize my knowledge and expertise for optimal engineering results.
